

CLOSING THE DIGITAL DIVIDE IN AD-4

PROBLEM

We won't close the Digital Divide unless we prioritize broadband investments for California's hardest to reach communities.

3 OUT OF 6 COUNTIES IN AD-4 ARE BELOW THE STATEWIDE AVERAGE FOR BROADBAND ACCESS¹

Colusa County

21.7%
Unserviced at Any Speed

Lake County

7.4%
Unserviced at Any Speed

Yolo County

3.1%
Unserviced at Any Speed

SOLUTIONS

Amend SB 156 to make unserved communities the priority to help close the Digital Divide.

REACH Unserviced Households

Require the CPUC to prioritize middle mile projects that enable last mile connections to California's households unserved at 25/3 mbps

ENSURE CPUC Accountability

Hold CPUC accountable for its progress on funding projects and closing the Digital Divide

MODERNIZE CASF Program

Streamline and simplify CASF to use federal ARPA funds before they expire EOY 2024

ADVANCE Digital Inclusion

Allocate an additional \$10 million in state resources to promote digital literacy and broadband adoption
